Four Applications For Probation Post Under Consideration

Application of a "mystery" candidate for the post of chief probation officer of San Mateo County who gave three top names in political circles as references was discarded by the County Probation Committee Tuesday afternoon.

Four applications for the job held by Francis J. Robinson for 14 years before his ouster on Aug. 24 were considered by the committee and Sept. 26 was set as the date for interviewing applicants. The committee will accept applications for the position until Sept. 23, three days before the personal interviews are scheduled.

An appeal was made by the committee for applicants for the two assistant probation officer jobs now open. Mrs. Mona L. Christensen, who was appointed acting chief probation officer by Juvenile Court Judge Aylett R. Cotton until a chief probation officer is appointed, declared the probation department is desperately in need of help.

The "mystery" candidate, a San Mateo man, sent in his application with the request that his name not be divulged. He listed as references three county officials—Aylett R. Cotton, judge of the juvenile court and Superior Court Dept. 2, County Executive Frederick Peterson and Dist. Atty. Gilbert D. Ferrell.

Justice of the Peace Edward I. McAuliffe, member of the committee, said he would not consider the applicant unless his name was divulged. Other members of the committee voiced the same stand as McAuliffe and the name was withdrawn from the list of applicants.

Committee Chmn. Joseph L. Hyman declared that if the man cared to apply and divulge his name the application would be accepted.

Applicants for the job are:

1. Harry Maloney, 65, a member of the Stanford physical education department for 35 years, 26 years as director of minor sports. He retired on Aug. 31. He is a resident of San Mateo County and gave Former Pres. Herbert Hoover and Ray Lyman Wilbur, former president of Stanford, among his references.

2. John C. Kelly of Seattle. He was chief probation officer at Seattle for nine years and superintendent of a state school for boys in Washington for five years. He has been active in Boy Scout and YMCA activities, and at one time he resided in Redwood City for two years, when he was engaged in the building business.

3. Claude N. Settles, 52, assistant field director and case worker for the Red Cross at Camp Parks. He is on leave from San Jose State College, where he taught sociology and psychology. He worked up to first lieutenant in World War I and has been on the faculty of several colleges. He has been active with student organizations.

4. John S. Cowgill, 824 El Camino Real, San Mateo, director of the young men's division of Central YMCA in San Francisco. He graduated from Michigan State College where he majored in social science and he holds a master's degree in social welfare. He has held various jobs as case worker and field worker, and for two years after World War II broke out he did social welfare work in Alaska.

John Plover, chairman of the Youth Authority of Calif., Tuesday gave the committee suggestions for a new juvenile home. He declared a juvenile home should not be a jail (the juvenile home here is an abandoned jail) and said two children should not be in the same room without proper supervision (two children are placed in a room together at the home here).

Plover discouraged any plan of making a 24-hour school of the detention home. Only two counties in the state—San Bernardino and Orange — operate 24-hour schools. In 24-hour schools, children are admitted for the school term, he explained.

He declared a juvenile home should be located where there would be outside play space.

Asked by Hyman if delinquent and dependent children should be separated, Plover said that delinquent children sometimes are less of a problem than dependent children.

He declared the success of a juvenile home depends upon the personnel. The fault in most counties, he said, is that they do not have sufficient staffs.

Removal of a child from its home and locking up a child are the last things that should be done, he said.

Henry Hall, committee secretary, pointed out that the matter of schooling for juveniles placed in the home has been corrected. Arrangements have been made to take teachers to the home on a part-time basis, he said. In the past there has been no schooling at the juvenile home.

Harry Spalding New Court Reporter

Appointment of Harry W. Spalding, 211 Warren Rd., San Mateo, as court reporter of Superior Court Dept. 2 was announced this week by Judge Aylett R. Cotton. He succeeds Fred M. Wyckoff, who recently was appointed deputy district attorney.

Spalding, who has lived in San Mateo County 17 years, has been an official reporter in San Francisco courts. He recently was with Judge Timothy I. Fitzpatrick.

Use Up Blue Ration Tokens, OPA Warns

The Office of Price Administration served warning on housewives today that blue ration tokens will not be accepted after Sept. 30, and that after next Saturday no change will be given in tokens.

Between Sept. 17 and Sept. 30 blue tokens may be used in groups of ten, OPA officials explained.

1802 Students Register At Sequoia

Redwood City youth marched back into the classroom in increased numbers today as Sequoia High School reported a first day registration of 1802, which represented a gain of 98 over the initial day's total last year.

A. C. Argo, superintendent of the Sequoia High School District, reported the following first-day figures for the 1944 fall semester: boys registered 860, girls 942, totaling 1802. The breakdown by classes showed freshmen—boys 247, girls 268; sophomores—boys 253, girls 242; juniors—boys 196, girls 235; seniors—boys 163, girls 196, and one special boy post-graduate student.

Today's routine was limited merely to registration, and classes open tomorrow, Argo explained.

The Sequoia Adult Night School begins tonight with registration and first classes scheduled to begin immediately under the direction of S. S. Mayo, principal.

About 2800 kindergarten and grammar school pupils also began work for the new year at six Redwood City elementary schools today, Andrew Spinas, elementary school district superintendent, announced.

The McKinley Nursery School, which has been operating all Summer under the supervision of Mrs. Ruth Howarth with about 55 children, moved part of its group to the First Baptist Church to leave room for returning McKinley pupils. Federal government funds are now being used to furnish additional nursery housing facilities for Redwood City.

Doctor Catches Runaway Boys

Two runaway boys from Exeter, near Visalia, were in the juvenile home here today following their capture by a prominent Half Moon Bay physician after a thrilling pursuit in which guns played an important role, after the youths allegedly had stolen an automobile.

Dr. Clement Shields saw the two boys get into a car at Half Moon Bay yesterday at 1 p.m., belonging to Harriet Williamson of Pescadero, and drive away in it. Dr. Shields started after the boys down a dirt road. The youngsters, one 13 and the other 15, lost control of the car and got stuck in sand.

The boys started running through marshlands and Dr. Shields continued the chase. One of the boys turned suddenly, pulled out a gun that resembled a .45-caliber automatic and told their pursuer to stop or he would shoot.

Dr. Shields stopped the chase momentarily, went after a shotgun, returned and found the boys in marshland near Pilarcitos Creek, where he captured them.

The boys, who had run away from home Saturday and had hitchhiked to Half Moon Bay, were placed in the juvenile home here where they are being held for Exeter police for a similar charge. The boys allegedly stole an automobile in Exeter two months ago and drove it to Los Angeles. They were placed on probation.

P.S. The gun the boys were using turned out to be a long-barreled cap pistol.

Directors of Chamber of Commerce Endorse City's Postwar Program

By 8 to 1 vote, the directors of the Redwood City Chamber of Commerce this week indorsed the $998,000 city public works bond issue to be submitted to the voters in November.

Approval came after a two-hour session in the city hall with City Mgr. Robert Mead during which he explained the program item by item.

Only dissenting vote was by Director Edmund Scott, port commissioner and former district attorney.

"I can't see it," Scott declared, speaking of the program as a whole. "We are told that these things are essential right now and we haven't even heard of some of them."

Favoring the program were Pres. Ferris W. Miles and Directors Fred Barth, Ralph Hallett, Teddy Lauman, Charles Baird, Bert Conroy, S. D. Herkner and Ray Spangler. The board voted to offer the city the facilities of the chamber of commerce in organizing a speakers' bureau for the bond issue.

The directors, including Scott, voiced unanimous approval of the proposed $300,000 sewage disposal plant, which Mead described as one of the most complete and modern in the state. He stressed the fact that state health authorities eventually will require the city to build such a plant and that the city should act well in advance of any ultimatum.

The directors were less unanimous on the proposal to spend $236,000 for recreation and parks. Herkner said he could not agree with the proposal to spend $9000 at Hawes Park. Conroy and Mead defended the expenditure. Scott questioned that any city on the Peninsula had expended such large sums for recreation.

Mead said he felt constrained to defend the item of $43,000 for beautification of the city entrances on El Camino Real and Bayshore Hwy. and for planting 8500 trees in the city. Lauman and Henry Witte, speaking for the planning commission, argued in favor of the program. Mead pointed out that some of the tree planting would be replacement of species which are now uprooting sidewalks and clogging sewers with root growth. Mead pointed out that this part of the program is only 4.3 per cent of the whole.

Items of $52,000 for the street repairs and improvements, $58,000 for auto parking area, $33,000 to replace bridges and retaining walls, $9000 for street markers, $30,000 for a branch library, $98,000 for elimination of creek areas, $16,000 for a rubbish dump, $35,000 for street lighting extension, $50,000 for a police headquarters and city jail, and $38,000 for the fire department, created no controversy.

Mead explained that the $998,000 bond issue contemplated a six-year program, with "first things first."

The board indorsed the Hayden Bill providing federal aid for highways. The action was taken at request of Witte, chairman of the traffic study committee.

E. W. Butler, manager of the chamber, announced that monthly luncheon meetings would be resumed Sept. 19 at Sodini's. The merchant section will meet Sept. 18 to consider V-Day closing and plans for Christmas.

Grass Fire Threatens Nearby Property

Fast-working firemen prevented a grass fire at Redwood Ave. and Velota Rd. from spreading to nearby property and damaging homes in the area Tuesday afternoon.

Firemen received a call to the fire at 12:34 o'clock, and upon arriving at the scene, turned in a second alarm.

The burning grass covered a large residential lot, Chief Mark Ryan said, and nearby residences were threatened until firemen brought the flames under control.

Cause of the fire is not known.

Juvenile Home Site Selected By Committee

After viewing county-owned property adjacent to the County Relief Home west of San Mateo Tuesday afternoon, the County Probation Committee selected the site for the proposed new county juvenile home and County Executive Frederick Peterson today instructed architects to prepare plans for the home immediately.

Federal aid is being asked for construction of the new home, which is expected to cost between $50,000 and $60,000. The county has set aside $25,000 for construction of the home. If federal aid is not secured, the money will be forthcoming from other funds, Peterson said.

Peterson had favored the selection of the relief home site. The county owns 110 acres surrounding the relief home, which is midway between San Mateo and Skyline Blvd. Five or six acres will be used for the juvenile home and recreation area, Peterson said. The new home will be located adjacent to stables on the property. The stables and a cottage will be removed.

Peterson said he instructed the newly-organized County Committee of Architects to prepare plans for the home immediately with the cooperation of the probation committee.

Henry C. Hall, secretary of the probation committee, said the committee had not officially selected the site, as the committee meeting was adjourned when the group made the trip to the relief home site. He said, however, each of the five members that went favored the site and that official approval undoubtedly would be given at the next meeting. Chmn. Joseph L. Hyman, who had been to the site several times previously, did not accompany the group yesterday. Col. Charles N. Kirkbride, member of the committee, was not present at yesterday's meeting.

Dr. Charles C. Gans, director of the County Health and Welfare Dept., and Adrian F. Ward, head of the social welfare department, under whose jurisdiction the administration of the juvenile home comes, had told the probation committee they favored the building of the home on county-owned property near the relief home. They declared they thought it is a good site and that facilities are available there.

John Plover, chairman of the Youth Authority of California, Tuesday advised the committee to choose a site which is owned by the county.

Among other sites which had been considered were county-owned property near Community Hospital and near Canyon Sanitarium.

The present juvenile home in Redwood City, a two-story brick building, was built in 1870 and was used as the county jail before it became the juvenile home.

Lloyd Rains Hurt When Car Hits Wagon

Lloyd W. Rains, 27, of 750 Bryant St., Palo Alto, was cut and bruised about his face when his automobile ran into the rear end of a station wagon on Bayshore Hwy. near Chestnut St. in Redwood City, shortly after 10 p.m. Tuesday, police reported.

Rains, and Frederic Seebe, 50, Rt. 2, Box 183, Los Gatos, driver of the station wagon, were driving south on the highway when Rains' automobile struck the other car.

Leslie (Pat) Linfoot Pleads Not Guilty

Leslie R. (Pat) Linfoot, 44-year-old Woodside riding academy master, this week pleaded not guilty to a charge of lewd and lascivious conduct. Sept. 25 was set by Superior Court Judge Maxwell McNutt as the date for his trial to be set.

Linfoot was arrested July 8 on a charge of molesting a 12-year-old Emerald Lake girl whom he had lured into the hills near his academy. He is free on $1500 cash bail.

County Truck In Lake County

A state-owned fire truck was dispatched to Clear Lake in Lake County from the San Mateo County Fire Warden's office this week in order to aid fire-fighters in battling a 30,000-acre fire.

The forest fire which has burned on a 20-mile front toward Clear Lake into the resort district, destroying numerous summer homes and 30,000 acres of brush and timber, was expected to be brought under control sometime today.

In Santa Clara County, approximately 20,000 acres of grass land were burned over by a fire which is still raging in the higher reaches of the Coast Range in the county.

Two other large fires which ravaged an estimated 30,000 acres of grass and brush lands in Fresno County were today reported under control.

J-M Smokestack
By Jim Asbestos

PEACE—BEFORE IT'S HATCHED

We celebrated the fall of Paris a short time before it really fell. That was partly because somebody got excited and reported a fall which hadn't exactly happened, and also because we Americans are usually rarin' for a celebration.

Some of us are already half-way celebrating the end of the war by letting up on our war jobs and on our bond buying and Red Cross work and blood donations.

We've done a whale of a big job so far in this war—which IS worth celebrating. But the time for the big blow-off won't come until the job is all done. We are still a long walk from Berlin or Tokio.

UMPIRES SHOULDN'T PITCH

Nobody denies the good of having an umpire for a ball game. The players on each team can't see everything that is going on, and they are also too apt to see things THEIR WAY.

In a country where Business, Labor, Government and Agriculture are, or should be, playing ball with each other, no one of them should expect to play on all teams—and be umpire as well with everything their own way. Then the ball game becomes a sort of game of super-solitaire. Other players lose interest, and the audience yawns.

Lewis H. Brown, President of Johns-Manville, put this idea across better when he said, in his Creed of Management, written several years ago: "We believe that Business, Labor, Government and Agriculture working hand in hand can provide jobs and the opportunity for all to work for security without loss of our liberty and rights as free men."

J-M HELPS KEEP 'EM MOVING

Johns-Manville has always been a buddy to transportation. When we look at the way American railroads have helped the war effort, we J-M workers can feel we've had a hand in it and be proud. (More than twice as much freight was carried last year than in 1939. Passenger traffic was almost four times as much.)

We J-M workers supply insulation, packings and gaskets for monster locomotives. We furnish insulation for passenger and refrigerator cars that carry fighting men and food for fighters. And that's not saying anything about brake linings, or clutch facings which we make for trucks and tanks, and the many things we make which go into airplanes and ships.

AND WE HELP HENRY KAISER

Seven different kinds of J-M Insulation are used in Henry J. Kaiser's hundred million dollar steel plant at Fontana, California—to reduce heat loss and assure proper control of high temperatures. You'll find J-M insulation in the open hearths and stacks, in the soaking pits, coke ovens and hot blast stoves.

And this goes for hundreds of other metal industries—all working for the war. J-M products are on hand to help 'em make temperatures behave.

INDIA RUBBER FASCINATED CHARLES GOODYEAR AS A BOY.
YOU COULD DO WONDERS WITH THIS GUM ELASTIC IF ONLY IT DID NOT STICK TOGETHER SO.
ONE WINTER HE TRIED MAKING SHOES OF RUBBER, BUT THEY MELTED THE NEXT SUMMER.
THERE MUST BE A WAY OF TREATING RUBBER SO IT WILL STAND EITHER EXTREME HEAT OR COLD.
ALL THAT WORK FOR NOTHING. IT'S A SHAME.
DOGGEDLY HE KEPT TRYING DIFFERENT CHEMICALS MIXED WITH CRUDE RUBBER. ONCE SUCCESS ALMOST SMILED.
UNCLE SAM WANTS 150 MAILBAGS TREATED BY MY GUM ELASTIC PROCESS.
O, CHARLES, IT SOUNDS TOO GOOD TO BE TRUE!
MRS. GOODYEAR WAS RIGHT. THE MAILBAGS MELTED, TOO. TIME AND AGAIN THE INVENTOR WAS JAILED FOR DEBT.
AS SOON AS I GET OUT OF HERE I'LL TRY AGAIN.
ALMOST DESTITUTE, GOODYEAR KEPT ON EXPERIMENTING IN THE KITCHEN.
NOW THAT YOUR BREAD IS BAKED, MY DEAR, LET ME USE THE OVEN FOR MY RUBBER MIX.
HEAVENS! WHAT A HORRIBLE SMELL!
ONE DAY HE ACCIDENTALLY LET SOME RUBBER MIXED WITH SULPHUR DROP ON THE RED-HOT STOVE.
LOOK! IT DOESN'T MELT! IT'S JUST CHARRED AND NOT STICKY!
FIVE HARD YEARS HE STRUGGLED BEFORE PERFECTING THE PROCESS USED THE WORLD OVER TODAY.
I'LL CALL IT VULCANIZATION AFTER THE ROMAN GOD OF FIRE.
YOU OUGHT TO GIVE IT YOUR OWN NAME. YOU'VE GIVEN YOUR LIFE TO IT.
GOODYEAR DIED A POOR MAN, BUT HIS INVENTION MADE HIS THE GREATEST NAME IN RUBBER TODAY.

Nine Persons Seriously Injured In Bus-Car Collision at Five Points

At least nine persons were hospitalized with serious injuries as a result of a series of automobile accidents in San Mateo County this weekend.

In an intersection collision between a Greyhound bus and a passenger car at Five Points in Redwood City Sunday morning at 1:10 o'clock, Elna May Thomason, 45, of 825 Harrison St., San Francisco, was most seriously injured.

Miss Thomason, a passenger in a car driven by Paul Remillard, 27, Treasure Island sailor, received a possible broken leg and other injuries.

PFC P. Saulnier and PFC A. Pokorski, soldiers from Camp Beale, were two of the five service men that were riding in Miss Thomason's car, and were admitted to Dibble General Hospital where their condition was described as "good."

Other occupants of the passenger car were John Pachla, U.S. Coast Guard, San Francisco, William Zatloukal, Coronado Air Station sailor, and Con Andrews, Tanforan sailor.

Williard H. Yates and Joseph L. Gerlock, Tanforan sailors, who were riding in the bus, were taken to Dibble Hospital for treatment and were said to be in "good" condition today.

Driver of the bus was Dwane E. Winchester, 25, who gave her address as 508 Ashbury Ave., San Francisco.

The bus struck the left side of the sedan, badly damaging the car, police said.

In another Redwood City accident, Howard Bean, 17, of 77 Nottingham St., Redwood City, received a broken leg and other injuries when the motorcycle which he was driving struck the rear end of a car driven by Jesse Lee Earls, 25, of 383 Sherman St., Palo Alto, last night on El Camino Real near Charter St.

Hilton Biegel, 17, of 267 Harrison St., Redwood City, and passenger on Bean's motorcycle, escaped without injury, police said.

Bean told police he swerved his vehicle out in order to avoid hitting a pedestrian, and in so doing, ran into the rear of Earl's car.

PFC Kenneth Colbath, soldier stationed at the Cow Palace in South San Francisco, received cuts and bruises and internal injuries in a head-on side-swipe on the Bayshore Hwy. north of Brisbane last night at 10:25 o'clock.

Also injured in the accident were Delia Fogliato, 47, of 467 Pennsylvania Ave., San Francisco, who was driving with her husband when the soldier's automobile hit their car. Mrs. Fogliato received abrasions and possible internal injuries, attendants at the South San Francisco General Hospital where she was taken said.

Peter Fogliato, 53, driver of the automobile, and Rina Fogliato, 21, were given emergency treatment at the hospital for cuts and bruises.

California State Highway patrol officers said Colbath's car crossed over onto the left side of the highway and hit the Fogliato car.

In Atherton, Celia Ratto, 61, of 1350 Johnson St., Menlo Park, received head abrasions when the automobile being driven by her husband, David Ratto, 67, veered into a ditch and hit a tree on Valparisо Ave. near Santiago Ave. Saturday afternoon.

Ratto said he swerved his car to avoid hitting a pedestrian, and in so doing, lost control of the car. Mrs. Ratto was taken to the Palo Alto Hospital.

No injuries were reported in an accident involving three automobiles on the coast highway near Shelter Cove, State Highway Patrolmen said today.

A. D. Steven, 66, of Montero was driver of a car which patrolmen said crossed over the white line and struck an automobile driven by Floryne Baer, 27, of 2039 Scott St., San Francisco. Steven's car glanced off to strike another car being driven by Thomas A. Murphy, 33, sailor from Camp Parks.

All three cars were driven at a speed less than 30 miles per hour, witnesses told officers who investigated the accident.

The most frequent cause of fatal airplane accidents in the U. S. Army Air Forces is personnel error.

Evening Classes Open At Sequoia This Week

Sequoia Adult Evening High School opened this week with an unofficial enrollment of 1500 persons, S. S. Mayo, principal of the evening school, announced Monday.

Classes are offered in art and homemaking, citizenship, commerce and business, English, language, mechanics and industries, physical education, science and social science.

Credit may be earned toward high school graduation, Mayo said, a minimum of 70 hours successful work being required for one-half unit of credit.

Provision will be made for continuation pupils—those under 18 who are working but must attend school at least four hours per week—and service men will be offered the opportunity to review arithmetic, algebra, geometry, or higher mathematics, and to take radio or mechanical drawing.

Classes will meet four nights per week from 7:30 to 9:30 p.m. Registration fee is $1.00. Adults may enroll any evening.

Last year, 912 were enrolled in the evening school.

why JAPS wear thick glasses!

Togo studied with all his might,
He studied by day...he studied by night,
But little Togo ruined his Sight,
Straining his eyes under very poor light.
Sam's boy...he's tops in all classes,
He wears no Jap-thick glasses,
He strengthened his eyes... improved his Sight,
Using his eyes under the right kind of Light.

Better light for better Sight.

Remember how we used to advise about Better Light for Better Sight? Thousands of good parents took this advice...gave their boys lamps that made studying easier on the eyes. That good work is paying dividends now. Our American boys shoot faster and more accurately than Japs encumbered with thick glasses..... Keep up this good work, parents. For the young ones at home now provide Better Light for Better Study Sight. Good lighting is so cheap it does not pay to skimp it.

Groups Begin Solicitation In R.C. War Chest Drive

Halted two days while final arrangements were being worked out, colonels in charge of solicitation of the downtown Redwood City area in the 1944 War Chest drive began their canvass Wednesday, Duncan Reynard, campaign manager for this section, announced this morning.

Heading the business district solicitation are John Lohoar, representing the Kiwanis Club, and Adolph Imgrund, representing the Exchange Club.

Assisting Lohoar on the Kiwanis committee are George Andrews, Louis Behrens, Frank DePatta, Laurie Duncan, Martin Flynn, Lewis Franklin, Milton Gooding, James Hagan, James Hedge, Edward Hunt, Edward Jurgensen, Alex Lathan, John Layng, A. S. Ligouri, Ferris Miles, Elmer Morrish, Charles Nelson, Robert O'Connell, Fred Schmitz, Andrew Spinas, Jim Thomas, Adrian Ward, and Bert Werder.

Exchange Club volunteers include James P. Hearne, Henry M. Nissen, H. E. Holmquist, Floyd F. McCue, Frances B. Tinney, Kendall B. Towne, Walter M. Singer, Ray Spangler, Don P. Brown, Albert H. Davies, C. Jack Whitley, Francis Britschgi, James C. Dodge, John W. Locker, and William B. Langston.

Actual solicitation of individuals does not begin until Oct. 1, Reynard explained. However, business houses and industrial organizations will be included in the earlier canvass.

Funds derived from the War Chest contributions are divided among five local organizations, and 21 national agencies, including the USO. Those in Redwood City which get their funds directly from this drive are the Boy Scouts, Girl Scouts, Salvation Army, Y.M.C.A., and San Mateo Preventorium, Reynard said.

As the opening gun in the local 1944 War Chest drive among individuals, the "Kick-off Dinner" will be held Sept. 27, at Sequoia High School. A limited number of tickets for that affair are on sale at the local banks and the clerk's office in the courthouse, Hal Honore, publicity chairman reported.

Kick Off Dinner for War Fund Drive Scheduled for Sept. 27 by Directors

Distribution of tickets for the Annual "Kick Off Dinner" National War Fund and Community Chest of Redwood City is now under way, H. L. Jacobs, assistant manager, Bank of America, Redwood City Branch, reported this week.

Dinner will be served at 6:30 p.m. Sept. 27, Sequoia Union High School cafeteria. The meal is being planned under the direction of Mrs. Donald Bogie and other women members of the Community Chest Board of Directors.

Campaign Manager Duncan Reynard who will act as Toastmaster of the evening promises a streamlined, yet entertaining and instructive program which will adjourn at 9 p.m.

The speaker of the evening will be Robert Gros, manager publicity department, Pacific Gas and Electric Company, and presently Publicity Director of the War Chest Campaign for Northern California.

Several entertainment numbers have been obtained through George Andrews. Community singing will be under the leadership of Otis Carrington, with Ralph Dodge at the piano.

The various Service Clubs of the community, in accordance with the practice of the past several years, plan to forego their regular meetings that week and attend the "Kick Off Dinner" in a body.

All team colonels and others interested in the War Fund and Community Chest are urged to be present, Reynard said.

Because of the limited number of dinners which can be handled, persons planning to attend should arrange now for tickets which may be obtained at $1.35 each from any of the four local banks or any member of the Community Chest Board of Directors.

Another Victim Of Bayshore Accident

Mrs. Angelino Serafini, 40, of 266 Lisbon St., San Francisco, this week became the fifth victim of the tragic Bayshore Hwy. accident two weeks ago when she passed away unexpectedly in the Palo Alto Hospital.

Doctors had expressed the belief that Mrs. Serafini's progress had been satisfactory and were planning to permit her to return to her San Francisco home.

Mrs. Serafini's husband, Frank, died instantly and her 15-year-old son, Frank Jr., died in the Palo Alto Hospital from injuries received in the two-car collision on Bayshore near Marsh Rd.

The only surviving member of the Serafini family is 7-year-old Carol, who is still in the Palo Alto Hospital.

Thompson Gets One-Year Sentence

Kenneth Thompson, 31, who burglarized Pope's Drug Store in Burlingame on July 8, today was sentenced by Superior Court Judge Maxwell McNutt to one year in the county jail for second degree burglary.

Thompson was charged with taking $24 in quarters, nickels and dimes from the drug store. He has a long criminal record, Asst. Dist. Atty. A. S. Whitmore said. He was deported from Canada in 1930. He was given a 1-15-year sentence in the Michigan State Reformatory for breaking into a restaurant.

Boy Scouts Plan Big Fall Program

The opening of the school semester for hundreds of Redwood City Scouts means the start of the fall program of outdoor and indoor activities in 40 scouting units, meeting in churches, and public buildings throughout the southern division of the council.

According to an announcement of Edward A. Barrer, scout executive, the benefits of the scouting program will be given to five thousand boys in the coming months . . . the largest number of boys ever served by the local council.

An emergency meeting of the council's salvage committee will be held shortly at which time Stanley Marcus, district commissioner for the southern division, will outline the plans to scoutmasters and cubmasters for the campaign for a nationwide collection of waste paper. "Every bit of paper is vital to the war effort. Scouts should urge housewives, storekeepers and others to save all the paper they can," says Marcus.

The scouts of Troop 105 gave a farewell party last Wednesday evening with their fellow Scout Kenneth Adams as guest of honor. Kenneth is leaving shortly to be inducted into the navy. There were 18 scouts present at the party including Scoutmaster T. J. Seitz.

RUBBISH FIRE

Redwood City firemen extinguished a small rubbish fire at 51 Lowell St. Tuesday at 7:56 p.m. No damage was reported.

Woodside Boy Scout Troop To Have First Anniversary

One of the newest boy scout units on the Peninsula will celebrate its first anniversary this month in one of the county's oldest buildings when the Woodside youth hold their birthday party in Old Independence Hall on Albion Ave., Woodside.

The 80-year-old frame structure, one of the outstanding landmarks in the Woodside area and now the property of Fred Mighall of that community, has been turned over to the scouts who have spent two months remodelling the building to house themselves, as well as the girl scouts, cub scouts, and other youth activities, and they hope to complete work this month.

Building has been under the direction of Scoutmaster Fred Eilerman and Fire Chief John Volpiano, and volunteer labor has been donated by Redwood City and Woodside carpenters and plumbers to revamp the landmark.

Present plans call for construction of an auditorium, kitchen, storeroom, administration room, and two restrooms. In addition, the outside is being graded to provide parking area.

Money for the purchase of the materials used in completing the remodelling is being donated by Woodside residents, Chief Volpiano is chairman of the finance committee and has sent out letters to local people asking their assistance. Donations may be made at the Woodside firehouse, or mailed to Chief Volpiano, Chairman Eilerman reported.

The original old Independence Hall was built during the 19th century through subscriptions by the oldtime residents for the purpose of having a central gathering place for community activities. For several years prior to the recent rebuilding activities by the scouts, the structure was not used frequently.

Dr. Robert Currie Leaves Large Estate

Estate of Dr. Robert J. Currie, founder of Currie Manufacturing Company and former pastor of the First Congregational Church here who died April 26, is valued at $47,513.76, Appraiser James A. Lee reported this week. The estate consists of interest in the manufacturing firm, securities and real property.

Dr. Currie was the husband of Mrs. Lily C. Currie, 904 Arlington Rd., and father of R. J. Langford Currie and Lt. Cuthbert B. Currie, U.S. Navy.

GRANTED PROBATION

Richard Fitts of Redwood City this week was granted probation for two years by Superior Court Judge Aylett R. Cotton on condition he serve six months in jail. He was given credit for time served. He had been found guilty of second degree robbery.

Belmont Firemen Honor Ex-Chief

Honoring Roussel Smith who recently resigned as chief of the Belmont Fire Department in order to accept a position with Pan-American Airways, active members of the fire department this week held a surprise banquet at Charlie Tognolia's in Belmont.

Smith, who will be fire chief at Mills Field, was presented with a pen and pencil set by those present, and he thanked the members of the department for their co-operation during the past several years that he has been Belmont's fire chief.

Present at the banquet were Elwood Curtis, incoming chief of the fire department, Clarence Johnson, police chief, and Ed Lagarde, Dallas Graham, Sr., John Lake, Harry Chamberiain, Bertrand Johnson, Manuel Valladao, Carl Valladao, Raymond Kelly, Sr., Raymond Kelly, Jr., James Haigh, Myron Grey, A. B. Smith, Al Bennett, Joseph Van Coelen, James Williamson, Harry Stancil and Bill Hicks.

GRASS FIRES

Two small grass fires on Cordilleras Rd., near Lakeview Way were extinguished by San Mateo County Fireman Saturday night at 11:30 o'clock. No damage was reported.

Skunks are important to agricultural interests because they feed on insects, chiefly beetles, grasshoppers, grubs and other forms of pests.

Menlo Park Forger in County Jail; Needed Money To Pay Gambling Debts

For allegedly forging two stolen checks totaling $460.04 in order to pay gambling debts, Robert Charles Lindorfer, 25-year-old machinist and discharged war veteran, was in the county jail today following his arrest by Menlo Park police yesterday.

Lindorfer is charged with forging the name of a L. H. Cook Research Laboratory official on the two checks which he cashed.

He assertedly took three blank checks from the Menlo Park company's check book last month during his 2 weeks' employment as a machinist.

Loss of the checks was noted at the laboratory and the Bank of America in Menlo Park was notified.

After leaving his job to return to his home in Visalia, Lindorfer assertedly cashed a check for $225 at the Visalia bank on Sept. 5. The stolen check was reported to the Menlo Park bank. Shortly thereafter, Lindorfer, it is claimed, cashed another forged check for $235.04 at the Menlo Park bank.

L. L. Johnston, manager of the Menlo bank, signed the complaint for Lindorfer's arrest on Sept. 7, and the alleged forger was brought back to Menlo Park from Visalia yesterday by Acting Chief of Police Jack Yount.

Lindorfer went to work for the laboratory on a discharged veteran's employment slip and worked there for two weeks before quitting his job and returning to Visalia. He told police that he needed the money in order to pay for gambling debts which he had incurred, but did not tell them where he had been gambling.

The third stolen check, which had not been cashed, was found at Lindorfer's home in Visalia where he lives on a ranch, Menlo Park police said.

Fellow employes at the laboratory reported that Lindorfer was a good machinist, but "moody" at times.

Native Sons, Daughters Sell $8479 in Bonds

Redwood Parlor 60, NSGW and Bonita Parlor 10, NDGW, sold $8479.60 in war stamps and bonds Saturday in conjunction with the statewide campaign to "buy a Super-Fortress for Tokio," it was announced today. Members of the committee included Mrs. George Locatelli, Mrs. Ernest Locatelli, Mrs. Ulrica O'Sullivan, George Solari, Philip Bozzo, A. S. Liguori and Hal Honore.

CAA Ground School Instruction Offered at Sequoia Night School

Opportunity for local men and women to receive approved Civil Aeronautics Authority ground school instruction and become members of the Peninsula squadron of the Civil Air Patrol is being offered at the Sequoia Adult Night School which opened this week, S. S. Mayo, principal, reported.

Instructor in the night school classes is John L. De Polo, regular member of the Sequoia faculty and a squadron staff training officer for the CAP in this district.

The course, which is given Monday and Wednesday nights, offers instruction in navigation, meteorology, civil air regulations, and general servicing and maintenance of aircraft, De Polo explained.

In addition, students who have 35 hours of solo flying, and pass a practical flying test and an oral test qualify for a private pilot's license, De Polo said.

Although the CAP, which is an auxiliary of the Army Air Corps, is not authorized to give actual flight training, it maintains an L Type training ship, furnished by the federal government, which is used as a laboratory for the ground school and provides flying experience for CAP members, and gives the screening test for youths planning to enlist in the Army Air Corps.

De Polo is also giving two courses in aviation to regularly enrolled day students at Sequoia, pre-flight aeronautics, giving ground training for flight, which was recommended by the federal office of education, and an advanced course in structural aeronautics, designed to teach the mechanics of aviation.

Applicants for membership in the CAP must have been citizens of the United States for the past 10 years and over 18 years of age, and need not have aviation experience, De Polo said. Also, there is the Civil Air Patrol Cadet unit, which is open to people between 16 and 18, sponsored by the CAP and prepares youth for later flight training.

The CAP was formed shortly before war started in 1941, and immediately became a part of the home guard defenses as a unit of the U. S. Army Air Force. At present, there are approximately 60,000 CAP members and about 50,000 CAP Cadet members throughout the United States.

Information regarding enrolling in the aeronautics courses, or membership in the CAP, both of which are open to men and women, may be obtained from De Polo at Sequoia High School.

Sequoia has been named central headquarters for the Peninsula squadron, which includes the area from South San Francisco to San Jose. Capt. Howard Armstrong of Redwood City is the commanding officer for the battalion.

If your children don't drink as much milk as they should try adding a bit of canned fruit and its juice and calling it a milk shake.

Cookies to "go out" or to eat at home

SOME EASY-TO-BAKE cookies have a fine double purpose: They "carry well" in lunch boxes, and they're mighty tasty when they are served at home. And there's nothing complicated about baking them. For example:

HONEY ROCKS

4 cups enriched flour
1 tsp. baking powder
½ tsp. soda
1 tsp. salt
1 tsp. cinnamon
1 cup shortening
1½ cups strained honey
3 eggs
½ tsp. grated lemon rind
1 cup finely chopped walnut meats
1 cup seedless raisins

Sift flour and measure; sift again with baking powder, soda, salt, and cinnamon. Cream shortening; add honey gradually, beating to combine. Add eggs one at a time, beating well after each addition. Gradually add flour mixture, stirring until smooth. Add remaining ingredients. Drop by teaspoonfuls on well greased cookie sheet. Bake in moderate oven (375° F.) 15 minutes, or until slightly browned. Remove at once to rack to cool. Makes about 66 2-inch cookies.
